Material Safety Data Sheet according to EG-Richtlinie 91/155/ EEC Directive	UV LUMINOUS CREAM	Reviewed: 6.03.2002
		Version: 1.0
		Replaces version: 0.0

UV Luminous Cream is considered not to represent any significant hazards with respect to human health when applied under normal or foreseeable conditions of use.

This product does not contain any substance that could possibly harm human beings or the environment. As a result the requirement of a material safety data sheet according to 91/155 EWG is not necessary.

The information of this Material Safety Data Sheet is based on the present state of our knowledge and is meant as a description of the safety requirements of our product. It is not considered as a guarantee of the product's properties. KRYOLAN assumes no responsibility for personal injury or property damage caused by the material. User assumes all risks associated with the use of the material.

Since this document was produced by means of Data Processing Unit, it does not need any legal signature to be valid.
